

TELEFUNKEN TB 201 Peps

Smart design

Its base, which recalls the mythical Bubble Chairs of the 60's, and its glossy finish create a determinedly modern set. The shape rounded off by the receiver offers a perfect handling.

Sock functions

Side functions, the range TELEFUNKEN Peps gets an amber backlit display for more visibility, hands-free function to share conveniently all calls, as well as 50 names phonebook.

No more missed call

The range TELEFUNKEN Peps also exists with answering machine (TB 251) and has a capacity of recording of 10 minutes. Also available in Duo with 2 handsets.
